The National Board Resource Center (NBRC) at Illinois State University (ISU) is excited to announce that the Spring 2019-2020 window for the Illinois NB First Time Candidate Fee Subsidy will be open from Tuesday, February 12, 2019 at 10:00 a.m. until Sunday, May 12, 2019 at midnight. [Click here for more details.](#)

Welcome, Jodi

Please join us in welcoming Jodi Carriger to the ROE. She is the new administrative assistant in the Jerseyville ROE #40 office since Penny retired in December. Jodi is married with two sons. She grew up in Manchester, and moved to Barrow when she married nearly 23 years ago.

Be sure to stop in and say hello!

EDCAMPSTL

February 9, 2019 | Mehlville High School

bit.ly/edcampstl19

EdCampSTL is one month away! Have you registered yet? We encourage you to join hundreds of other teachers from around the greater St. Louis metro and beyond at Ed-CampSTL! It will be held on Saturday, February 9th and hosted at Mehlville High School (3200 Lemay Ferry Rd, St. Louis, MO 63125).

Register Now! [Click here for more info and to register now!](#) (bit.ly/edcampstl19)

The premise of EdCamps is to

- * bring educators together to discuss what they want to learn.
- * be collaborative, discussion-based, and interactive.
- * be a FREE professional development opportunity.
- * grow your professional learning community beyond the boundaries of your school.
- * be encouraged about the work we do!

EdCamps are a powerful movement sweeping the world, redefining how teachers think about their learning. An EdCamp is an “Unconference” - meaning that there are no pre-set sessions; it is truly about what the participants want to discuss. For more information about EdCamps watch [this short video](#).

Celebrate CTE Month in February with a CTE Signing Day!

February is national Career and Technical Education (CTE) Month, and Illinois has a lot to celebrate! ISBE, school districts, higher education, local business and industry partners, lawmakers and, of course, students have worked hard to raise awareness of the importance of CTE. High school CTE enrollment has grown by 3,000 students in the past three years.

This CTE Month, celebrate your graduating students' success in securing a high-skill, high-wage, in-demand career with a CTE Signing Day. Similar to athletic signing days, CTE Signing Day recognizes the culmination of students' hard work and promotes CTE to the community. The Innovative Curriculum Resources Project has suggestions that can help you organize a successful signing day event.

If you would like an ISBE representative to join your district on CTE Signing Day in the month of February, please email Marci Johnson at marjohns@isbe.net with the date and location of your event.

Do you have an interest in history
like history presented in creative ways
enjoy helping students succeed

Illinois HISTORY day

*Become an Illinois History Day Judge for
the Abraham Lincoln Presidential Library and Museum!*

- ✓ Students in grades 6-12 research a topic on Illinois history and create a research paper, website, exhibit, performance, or documentary. These students work hard to be part of the Illinois History Day events.
- ✓ Volunteers do not need to be professional historians but should have an interest in history. Volunteers should also be interested in encouraging students in their research to help them grow as critical and creative thinkers.

Orientation for judges will be held prior to judging.

Central Regional: Saturday, March 9, 2019 from 9 a.m.-12 p.m. Lunch will be provided.

State Finals: Thursday, May 2, 2019 from 9 a.m.-1 p.m. Lunch will be provided.

NEW STRANDS: Student Engagement and Student/School Safety

NEW ADMIN ACADEMY: Homelessness #1050, presented by our regional homelessness liaisons June 10. Register & Info

Econ Illinois presents

The Stock Market Game™ is a trademarked program of the SIFMA Foundation for Investor Education.

What is The Stock Market Game?

- A media-blended project-based learning simulation in which student teams work collaboratively to invest a \$100,000 virtual cash account in stocks, mutual funds and bonds.
- A competition between grade 4-12 student teams by region and grade level.
- A robust teacher resource center with lessons, activities and assessments, searchable by subject and grade level and aligned to national *Common Core Standards*.

How it works...

With The Stock Market Game™ program (SMG) you teach core competencies, critical thinking skills and teamwork while engaging your students in real world applications.

In building a portfolio, students research, evaluate and make decisions based upon their research. Teams trade equities; earn interest on cash balances; and pay commission on all trades. To better understand stock and overall market performance, they need to know how the economy works, and to calculate their returns they need to do math. Learning is a natural part of the experience.

Simple, focused lesson plans provide you with core concepts, vocabulary and engaging activities that make the SMG easy to teach at all levels, from fourth through twelfth grades, all across the curricula. Whether you are a knowledgeable investor or have never bought a stock, SMG curriculum resources provide you with all of the materials and information you need to teach this program like an expert.

Proven Fun Methods

Your students will have so much fun learning about companies and capital markets, they won't realize how much math, language arts, social studies, and economics knowledge they're absorbing along the way. Plus they'll learn about saving and investing – two critically important life skills. Long time users of SMG report the program actually boosts attendance and reduces dropout rates.
